Professional Experience

Hon Hai Technology Group (Foxconn) | May 2017 – Present

Senior Director, Group Central Finance

- Initially joined a key listed subsidiary of Foxconn Group, assisting in the expansion and operational management of its overseas branded business, particularly under the Nokia brand, leading cross-functional efforts in international growth, financial structuring, and ecosystem partnerships.
- Aug. 2021 transitioned to Group Central Finance, leading the management of the Group's strategic investment portfolio, including oversight of major listed subsidiaries, and responsible for the portfolio management of equity investments.
- Also serves as Board Director of Ennoconn Corporation from Jun. 2022, actively participating in investment, finance decisions and corporate governance initiatives.
- Lead multiple cross-functional initiatives, including capital planning, process reengineering, and the development of Business Continuity Framework to ensure finance operational resilience and strategic agility across geographies.

Citibank / Standard Chartered Bank | 2000 – 2017

Vice President, Corporate Banking & Product Management

- Accumulated 17 years of experience in international banking, specializing in financial planning and treasury advisory services for large multinational corporations.
- Provided end-to-end financial solutions not only in cash and liquidity management, but also in trade finance, structured trade lending, and supply chain finance, tailored to support clients' global operations and working capital cycles.
